

Since 1948, Avmor has been a Canadian leader in manufacturing professional and sustainable cleaning solutions. Our commitment to a healthier, cleaner and safer environment while offering the highest quality cleaning products has driven us to constantly improve our efficiency, products and services. 2015 was a year of process optimization, continuous improvement and innovation that has permitted us to strengthen our position as a sustainable and responsible company.

Paul Goldin

Vice-President, Sustainability and Marketing

Our Vision:

A More Complete Clean

Health

Environment

Performance

REDUCING OUR ENVIRONMENTAL FOOTPRINT

We have **increased** the **purchase** of **PCR CONTAINERS** (Post Consumer Recycled Plastic Material) by

18%

20% of all bottles purchased in 2015 contain 25% of PCR.

IMPROVING OUR WASTE MANAGEMENT

Improved equipment has allowed us to **reduce** our **PRODUCT WASTE** by

90%

DECREASING OUR WASTEWATER

From 2005 to 2015 we have **reduced** our **WASTEWATER OUTPUT** by

15.1%

MINIMIZING OUR ENERGY CONSUMPTION

From 2007 to 2015 our **ENERGY CONSUMPTION** has been **reduced** by

15%

(kW by kg of products manufactured)

REDUCING OUR INDIRECT ENERGY CONSUMPTION

Since 2012, our wastewater is recovered by Stalex, a landfill company that uses cement and our wastewater to bury hazardous materials. This **LANDFILL PROCESS** uses **less energy** and thereby allows us to **reduce** our **indirect energy consumption**.

REDUCING OUR INDIRECT GREENHOUSE GAS EMISSIONS

Avmor has developed a **LOGISTICS OPTIMIZATION STRATEGY** that has had a **positive** impact on our **supply chain**.

*Indirect Greenhouse Gas Emissions include: business travel, employees commuting, delivery of raw materials to the plant and the delivery of final products to distributors and direct customers.

STRENGTHENING OUR GLOBAL APPROACH

All Avmor products are compliant with the new **Globally Harmonized System**

INCREASING HEALTH AND SAFETY

+365 DAYS without an accident in Avmor's facility

Our commitment

Our Sustainability Report acknowledges Avmor's continual commitment for improvement of our sustainability performance (reducing our environmental footprint, social and community impact of Avmor's operations) and furthering our mandate of offering environmentally friendly products to the marketplace.

Avmor's pledge is to be the "go-to" company for sustainable cleaning solutions with a commitment to: **Clean for Health, Clean for the Environment** and **Clean for Performance**.

Please contact Avmor for more information on our sustainability initiatives or for general information at **1 800 387-8074** or **info@avmor.com**
