TF385 Pre Burnish Floor Cleaner and Gloss/Slip Resistance Enhancer

WHAT YOU NEED TO KNOW

• TF385 Pre Burnish Floor Cleaner and Gloss/Slip Resistance Enhancer applies seamlessly and levels quite well.
• Apply a very thin coat.
• 1st coat coverage is approximately 4,000-5,000 square feet per gallon. Only one coat is required.
• Dry time should be less than 3 minutes.
• Machine burnishing follow immediately when the floor has dried.

SAFETY

• Always wear safety equipment when preparing and cleaning - eye protection, gloves and proper footwear.
• Always put out wet floor signs whenever wet work is being done.
• Ensure areas not being coated are safe and protected when exiting the coating zone as to not compromise adjacent flooring or carpeting.

TOOLS

• Fine string floor finish mop
• Microfiber floor finish applicator
• Mop and bucket or finish application bucket
• Fas-Trak’s Micro Trak (small areas) or Ultra-Trak for Large areas (Optional)
