1 Identification

- **Product Identifier:** BYE BYE FOAM Defoaming Agent
- **Other means of identification (Article number):** 1388
- **Recommended use:** Defoamers, Anti-foaming agent
- **Restrictions on use:** All other uses than those indicated on the product label and technical data sheet
- **Manufacturer:**
  Avmor Ltd.
  950 Michelin
  Laval, QC,
  Canada
  H7L 5C1
  1-800-387-8074
  www.avmor.com

- **Emergency telephone number:** CANUTEC 1-613-996-6666

2 Hazard identification

- **Classification:**
  Skin Sensitizer - Category 1 H317 May cause an allergic skin reaction.

- **Label elements**
  - **Hazard pictograms:**
    GHS07

- **Signal word:** Warning

- **Hazard statements:**
  H317 May cause an allergic skin reaction.

- **Precautionary statements:**
  - P261 Avoid breathing dust/fume/gas/mist/vapours/spray.
  - P272 Contaminated work clothing should not be allowed out of the workplace.
  - P280 Wear protective gloves.
  - P302+P352 If on skin: Wash with plenty of water.
  - P362+P364 Take off contaminated clothing and wash it before reuse.
  - P333+P313 If skin irritation or rash occurs: Get medical advice/attention.
  - P321 Specific treatment (see on this label).
  - P501 Dispose of contents and container in accordance with local, regional and national regulations.

- **Hazard not otherwise classified:** None Known

- **Notes:** For the wording of the listed abbreviations refer to section 16.

(Contd. on page 2)
3 Composition/Information on ingredients

- Chemical characterization: Mixtures
- Components:

<table>
<thead>
<tr>
<th>CAS NO.</th>
<th>Chemical name or Common name</th>
<th>%</th>
</tr>
</thead>
<tbody>
<tr>
<td>55965-84-9</td>
<td>Mixture of 5-chloro-2-methyl-2 H-isothiazol-3-one and 2-methyl-2 H-isothiazol-3-one (3:1)</td>
<td>0.0017% w/w</td>
</tr>
</tbody>
</table>

4 First-aid measures

- Description of first aid measures
  - After inhalation: In case of unconsciousness place patient stably in side position for transportation. Get medical attention.
  - After skin contact: Remove immediately all contaminated clothing. Rinse skin with water or shower for at least 15 minutes. Consult a doctor if skin redness and irritation persist. May induce a skin irritation.
  - After eye contact: Rinse opened eye for several minutes under running water. If symptoms persist, consult a doctor.
  - After ingestion: If symptoms persist consult a doctor.
- Most important symptoms and effects, both acute and delayed: No further relevant information available.

5 Fire-fighting measures

- Suitable extinguishing media:
  CO2, extinguishing powder or water spray. Fight larger fires with water spray.
  Use fire fighting measures that suit the environment.
- For safety reasons unsuitable extinguishing agents: Not Determined
- Specific hazards arising from the product: No further relevant information available.
- Special protective equipment and precautions for fire-fighters:
  As in any fire, wear self-contained breathing apparatus pressure-demand, MSHA/NIOSH (approved or equivalent) and full protective gear.

6 Accidental release measures

- Personal precautions, protective equipment and emergency procedures:
  Wear recommended protective equipment(s). Keep unprotected persons away.
- Methods and material for containment and cleaning up:
  Surround and absorb with liquid-binding material (sand, diatomite, acid binders, universal binders, sawdust).
  Dispose contaminated material as waste according to item 13.
  Ensure adequate ventilation.

7 Handling and storage

- Precautions for safe handling: Ensure good ventilation at the workplace.
- Conditions for safe storage, including any incompatibilities: None.

8 Exposure controls/ Personal protection

- Components with limit values that require monitoring at the workplace:
  The product does not contain any relevant quantities of materials with critical values that have to be monitored at the workplace.
  Not required.
· Exposure controls:
  Good general ventilation should be sufficient to control worker exposure to airborne contaminants. Use only in well-ventilated areas. Apply technical measures to comply with the occupational exposure limits. Where reasonably practicable this should be achieved by the use of local exhaust ventilation and good general extraction. In case of insufficient ventilation wear suitable respiratory equipment.

· Personal protective equipment:
  Safety goggles (see Eye protection)

  Protective gloves (See Protection of Hands)

· General protective and hygienic measures:
  The usual precautionary measures for handling chemicals should be followed. Wash hands before breaks and at the end of work. Avoid close or long term contact with the skin.

· Breathing equipment: Not required.

· Protection of hands:
  Selection of the glove material on consideration of the penetration times, rates of diffusion and the degradation

· Eye protection:
  Protective glasses are recommended when handling concentrated product. Safety glasses (suggested)

· Body protection:
  Protective work clothing. The type of protective equipment must be selected according to the concentration and amount of the dangerous substance at the specific workplace. (recommended)

9 Physical and chemical properties

· Appearance:
  Form: Opaque Liquid
  Colour: White

· Odour:
  Odourless

· Odor threshold:
  Not determined

· pH:
  5.0-6.7

· Melting point/Freezing point:
  0 °C

· Boiling point/Boiling range:
  100 °C

· Flash point:
  Not determined

· Flammability (solid, gaseous):
  Not applicable

· Decomposition temperature:
  Not determined

· Auto igniting Temperature:
  Product is not selfigniting.

· Explosion limits:
  Lower: Not determined.
  Upper: Not determined.

· Relative density:
  Not determined.

· Vapour density (air=1):
  <1 (aqueous solution)

· Evaporation rate:
  Not determined
Product Identifier: BYE BYE FOAM Defoaming Agent

10 Stability and reactivity

- Reactivity:
  Not determined.
- No further relevant information available.
- Chemical stability: The product is stable.
- Possibility of hazardous reactions: No dangerous reactions known.
- Conditions to avoid: Avoid freezing and extreme heat conditions.
- Incompatible materials: No further relevant information available.
- Hazardous decomposition products:
  In case of decomposition: carbon monoxide and carbon dioxide and traces of volatile halogenated compounds.

11 Toxicological information

- Information on the likely routes of exposure
  Skin and eyes contact
- Symptoms related to the physical, chemical and toxicological characteristics
  - If on the skin: May cause irritation by prolonged contact with skin.
  - If on the eye: No irritating effect.
- After ingestion: May cause irritation of the gastrointestinal tract, nausea, vomiting and headache.
- Sensitization: Sensitization possible through skin contact.
- Delayed and immediate effects, and chronic effects from short-term and long-term exposure:
  Prolonged or frequent contact can cause eczema and inflammation of the skins as a results of degreasing.

12 Ecological information

- Bioaccumulative potential: No further relevant information available.
- Mobility in soil: Not determined
- Ecotoxicity: No relevant information available.
- Other adverse effects No further relevant information available.

13 Disposal considerations

- Waste treatment methods recommendation:
  Avoid dispersal of spilled material and runoff and contact with soil, waterways, drains and sewers.
  Small amounts may be diluted with plenty of water and washed away. Dispose of bigger amounts in accordance with local authority requirements.
  Dispose in accordance with all applicable federal, state, provincial and local laws and regulations. Contact your local, state, provincial or Federal environmental agency for specific rules.
- Uncleaned packagings recommendation:
  Do not re-use empty containers.
  Dispose of packaging according to regulations on the disposal of packagings.
- Recommended cleansing agent:
  Water
  Refer to Section 7: HANDLING AND STORAGE and Section 8: EXPOSURE CONTROLS/PERSONAL PROTECTION for additional handling information and protection of employees.

(Contd. on page 5)
14 Transport information

- UN-Number
  - DOT/TDG, IMDG, IATA Not regulated.
- UN proper shipping name
  - DOT/TDG, IMDG, IATA Not regulated.
- Transport hazard class(es)
  - DOT, IMDG, IATA
    - Class Not regulated.
  - Packing group
    - DOT/TDG, IMDG, IATA Not regulated.

15 Regulatory information

- Safety, health and environmental regulations/legislation specific for the substance or mixture
  - Chemicals known to cause reproductive toxicity for females:
    None of the ingredients is listed.
- Canadian substance listings
  - Canadian Domestic Substances List (DSL)
    All ingredients are listed.
  - Canadian Ingredient Disclosure list (limit 0.1%)
    None of the ingredients is listed.
  - Canadian Ingredient Disclosure list (limit 1%)
    None of the ingredients is listed.

16 Other information

This information is based on our present knowledge. However, this shall not constitute a guarantee for any specific product features and shall not establish a legally valid contractual relationship. Actual conditions of use and handling are beyond seller’s control. User is responsible to evaluate all available information when using product for any particular use and to comply with all Federal, State, Provincial and Local laws and regulations.

- NFPA ratings (scale 0 - 4):
  - Health = 0
  - Fire = 0
  - Reactivity = 0

- Department issuing SDS:
  Prepared by:
  Regulatory Affairs Department
- Contact: For an updated SDS, please contact the supplier/manufacturer listed on the first page of the document.
